Travel Word Cards

48 katakana words you will see in Japan — at the airport, the hotel, restaurants and shops.

How to print

1. Print on **thick paper** if you can.
2. Choose **two-sided printing**, "flip on long edge." The back shows the English and the romaji.
3. Cut along the dashed lines.

How to practice

- Read the katakana out loud — slowly, one beat at a time — then guess the English.
- Flip to check. Then say it again, flat and clear, the way Japanese speakers say it.
- Take the cards on the plane and practice on your way to Japan!
